

Africa Twin

ACCESSORIES CRF1100L AFRICA TWIN

Africa Twin reaches new heights

In 2017, the Africa Twin broke the record for the highest altitude reached by a twin-cylinder motorcycle. After 5 days of acclimatisation, a team of 5 riders piloted the Africa Twin onto the slopes of the world's highest active volcano, the Nevado Ojos del Salado – located between Argentina and Chile. Reaching 5,965 metres above sea level, the international team completed its ascent within 24 hours with Africa Twin specially equipped with Termignoni exhaust, revised final sprockets, new Metzeler MC360TM tyres and a range of Honda genuine accessories. Their route took them – in temperatures as low as minus 5 degrees Celsius – through broken asphalt, gravel, mud, sand and finally stretches of ice pockets known as 'penitentes', underlining once again the Africa Twin's credentials as the best-performing off-road motorcycle in its class.

ADVENTURE SPORTS

Honda NXR 750 Paris-Dakar

The NXR750 dominated the Paris-Dakar Rally from 1986 to 1989, winning the trophy 4 years in a row. Back then, the 22 day race started in Paris and ended in Dakar/Senegal crossing nearly 15.000km of African desert. Gilles Lalay won the 1989 Paris-Dakar Rally on this motorcycle with its distinct Rothmans design.

TRANSALP

ACCESSORIES XL750 TRANSALP

The original Transalp

The original Transalp, introduced in 1986 with a 583cc V-Twin engine, is something of a legend. And as testament to the sheer quality of its build and timelessness of its design, many can still be seen on Europe's roads today.

This is just what the new XL750 Transalp is built to do, and a legend of adventure touring is thus reborn.

X-ADV

ACCESSORIES X-ADV

Tougher than the rest!

During the 2019 Gibraltar Race, a 7,000-km all-terrain rally from Baltic Sea to Atlantic Ocean, Renato Zocchi steered an X-ADV to the Class 2 victory. The rider put also himself as seventh overall in the event, beating out the competition of purpose-built dirt bikes and adventure tourers. While his X-ADV was specially prepared with extra wheel travel and ground clearance, Zocchi kept the footboards and drove its DCT version on Gravel mode.

Another proof that no matter where you want to go, the X-ADV is tougher than the rest to get you there!

NC750X

ACCESSORIES NC750X

Do you really need a left lever to enjoy riding?

The Dual Clutch Transmission made its worldwide debuts for motorbikes in 2010 with the Honda VFR 1200. Now entering its 3rd generation and downsized to suit mid-displacement bikes, the DCT is completely different from the belt-type transmissions used by most scooters: it is structurally a conventional 6-speed gear ratio transmission, yet electronically controlled when changing speeds. Keep the fun of a manual transmission; enjoy the comfort of an automatic one!

ACCESSORIES **NX500**

Prolink: from motocross to MotoGP race tracks

Brought for the first time to Motocross enthusiasts in 1981, the rear mono shock system patented by Honda is applied on many production models such as the CB500X, but also on the RC213V racing in MotoGP.

21YM Model Shown

ACCESSORIES CRF300L and RALLY

You've got the look and a bit more

When you see the images of the Honda riders racing for victory in the Dakar Rally, it is easy to spot the direct lineage between their CRF450 Rally and your CRF 300.

It is not only a matter of appearance but the ultimate proof that what is developed during the toughest races can benefit everybody.

Accessories

38L TOP BOX WITH REAR CARRIER

08ESY-K1T-TB38

This kit includes all the necessary accessories to assemble a 38L Top Box in your bike. This top box is suitable for one helmet. The Honda one key system allows to operate the top box by using the motorcycle ignition key.

Maximum load capacity: 6kg

This kit contains:

- Rear Carrier Support
- Top Box Lock
- 38L Top Box
- Carrier Bracket
- Key System Inner Cylinder

38L TOP BOX INNER BAG

08L75-MJP-G51

This Top Box inner bag, is has been made to improve riders comfortability. It comes with an adjustable shoulder belt for an easy carry with embroidered silver Honda wing logo on the top, with red zippers.

- Material: Polyester PVC
- Color: Black
- Expandable from 15 to 25L

SKID PLATE

08P70-K1T-E50

The Skid Plate protects the engine and lower part of the bike. Protective coating prevents the corrosion and makes it easy to clean.

The Skid Plate is only applicable for CRF300LAP ED model.

RALLY STEP

08R79-MKS-E00

With their aggressive spike shape and a surface 57% larger than the standard ones, these Rally Steps improve the stability and control during off-road riding while reduce risk of boot slip.

- Material: Stainless Steel

USB CHARGER (TYPE-C)

08ESY-K1T-USBL (CRF2300L)/ 08ESY-K1T-USBR (CRF300 RALLY)

Conveniently located in the luggage compartment, this Type-C USB charger provides 15W and Allows you to power your electronic devices. Specific attachment is required but not included.

GRIP HEATER & ATT KIT

08ESY-K1T-GHSR/ 08ESY-K1T-GHSL

Extremely slim heated grips with integrated control for maximum rider comfort and design integration. Features 3-step variable heating levels, integrated circuit to protect the battery from draining and smart heat allocation that focuses on the area of the hands most sensitive to cold.

- GRIP HEATER RALLY KIT 08ESY-K1T-GHSR
