Turning the excitement dial
up to 11, in every way possible

With a reputation originating in the late 1990s – first with the CB600F Hornet, with its four-cylinder CBR engine, followed by the CB900F Hornet in the early 2000s – the Hornet name brings with it a clear identity: to be a Hornet, a motorcycle has to be fast, fun and affordable.

ACCESSORIES HORNET CB500

Is reliability supposed to be boring?

It's not rare to find CB500 proudly boasting more than 300,000 kms (more than 186,000 miles), but the long-time favourite of the couriers and the driving school is much more than a workhorse. Started in France in 1996, the CB500 Cup spread across Europe quickly and helped young talents such as Sebastien Charpentier or James Toseland to make a name by themselves, on a budget.
